**Abstract:** the abstract is to be fully-justified italicized text, and left-aligned as it is here, below the author information. Use the word abstract in 12 point times, boldface type at starting to column, initially capitalized. The abstract is to be in 10-point, single-spaced type, and may be 250 words length and 1.15-line spacing.

**Keywords:** maximum five words represent the main topic of the paper, and should be alphabetically arranged and in 12 point times.

### 1. Introduction:

Headings should be numbered and in Times New Roman with 14 in size, bold and left alignment. These guidelines include complete descriptions of the fonts, spacing and related information for producing your proceedings manuscripts. Please follow them and if you have any questions, direct them to the production editor in charge of your proceedings at ANJG email address and telephone.

### 2. Formatting your Paper

Page should be of A4 size with normal margin (top margin is 25.4mm and left, right, and bottom margins are 12.7mm). All printed material, including text, illustrations, and charts, must be kept within a print area.

Do not write or print anything outside the print area. Text must be fully justified. A format sheet with the margins and placement guides is available in word files as <format.doc>. it contains lines and boxes showing the margins and print areas. If you hold it and your printed page up to the light, you can easily check your margins to see if your print area fits within the space allowed.

### **3. Main Title:**

The main title (on the first page) should begin 3.5 cm from the top edge of the page, left-aligned, and in times 20-point, boldface type. Capitalize the first letter of nouns, pronouns, verbs, adjectives, and adverbs; do not capitalize articles, coordinate conjunctions, or prepositions (unless the title begins with such a word).

Leave two blank lines after the title.

### **4. Author Name(s) and Affiliation(s)**

Author names and affiliations are to be left-aligned beneath the title and printed in times 14-point, non-boldface type. Multiple authors may be shown in a two- or three-column format, with their affiliations below their respective names. Affiliations are centered below each author name, italicized, not bold and printed in times 10-point. Include e-mail addresses if possible. Follow the author information by two blank lines before main text.

### **5. Second and Following Pages**

The second and following pages should begin 25.4mm from the top edge. On all pages, the bottom margin should be 12.7mm from the bottom edge of the page for 210 x 297mm paper; for A4 paper, approximately 30mm from the bottom edge of the page.

### **6. Type-style and Fonts**

Whenever Times is specified, Times Roman, or Times New Roman may be used. If neither is available on your word processor, please use the font closest in appearance to Times that you have access to.

### **7. Main Text**

Type your main text in 12-point Times, one and half single-spaced. Do not use double-spacing. Be sure your text is fully justified—that is, flush left and flush right. Please do not place any additional blank lines between paragraphs.

#### **7.1 Figures and Table Captions**

Captions should be 10-point Times New Roman font, centered and non-boldface. Initially capitalize only the first word of each figure caption and table title. Figures and tables must be numbered separately. Figure captions are to be **below** the figures and Table titles are to be centered above the tables (see examples below).

Required size and resolution for **figure in image and raster format** is 8cm in width and 300dpi for small-size figures, and 18 cm in width and 300dpi in resolution for large size. Required size and resolution for figures of graphics format is 8cm in width and 150 in resolution for small figures or 18cm in width and 150dpi in resolution for large figures. Required Table format should be uncolored and editable with a width of 8cm for small tables and 18cm for large tables.

---

## 8.1 Second-order Headings

As in this heading, they should be Times 12-point boldface, initially capitalize, flush left, with one blank line before, and one after

**8.1.1 Third-order headings as in this paragraph, are discouraged. However, if you must use them, use 11-point Times, boldface, initially capitalize, flush left, preceded by one blank line, followed by a period and your text on the same line**
